The 2018 Tax Cuts and Jobs Act made significant adjustments to personal and corporate income tax and may affect philanthropy. What are the impacts of this new bill and how can we plan to address them? Are their gift planning vehicles to leverage changes in the tax law? How do we best solicit and steward our donors? This seminar will address these questions and more.

Who Should Attend?

- Development professionals who are involved in the cultivation, solicitation and stewardship of annual, major and planned gifts.
- Non-profit professionals and volunteers interested in starting a development or planned giving program.
- Business relationship managers in financial planning, insurance, or banking.
- General practice, trust and estate attorneys.

Gift Planning Group of Northeastern New York's mission is to increase the quality and quantity of charitable planned gifts by serving as the regional voice and professional resource for the gift planning community. For more information visit our website at www.gpgnny.org.

Registration Deadline: June 2, 2017
